Results of the pre-implementation survey

The survey was handed out by lead clinicians at their team meetings. It was completed by 50 staff; multi-disciplinary, but predominantly nurses, psychologists and psychiatrists of the Older Peoples Mental Health Services in the Trust. No personal data was requested in an attempt to encourage honesty.

It asked:

1. Do you have regular clinical supervision?
2. Do you have an annual appraisal?
3. Have you visited the R&D pages on the Trust website in last 6 months?
4. Have you visited the DeNDRoN website in the last 6 months?
5. Have you discussed a DeNDRoN research study with a person with dementia or their carer in the last 6 months?
6. Have you referred a person with dementia or their carer to the DeNDRoN research team in the last 6 months?
7. Has a person with dementia or their carer ever asked you about participation in a research study?
8. Have you attended any research training in the Trust in the last year?
