

Dear _____,

The Research and Development Team at Tees, Esk and Wear Valley's NHS Foundation Trust have teamed up with North of Tees Dementia Collaborative to develop Research Champion Organisations (RCOs). The aim of RCOs is to ensure everyone living with dementia and their carers are aware of research opportunities available to them to help us beat dementia.

Research Champion Organisations pledge to help us promote any new research projects we have to people who attend their services. This can be done through displaying posters and leaflets at any events, inviting research staff to support groups and through helping people sign up to Join Dementia Research using the simple form.

We would like to extend this invitation to and invite you to become one of our Research Champion Organisations. Please do let me know if this is something you would be interested in and we can arrange a meeting to discuss further.

With best wishes,

Research and Development Team
Tees, Esk and Wear Valley NHS Foundation Trust
